

Real Colorado EDGE - U9 & U10 Developmental Clinics (DC's)

WHAT

Real Colorado EDGE (RCE) is pleased to announce a fantastic training opportunity, exclusively for players in the U9 & U10 Developmental Program (born in 2008 and 2007).

With the exciting addition of the futsal court at our new offices, located a short distance from Stenger Soccer Complex, RCE can now offer high quality technical training on this specialized surface.

All training will be carried out by RCE U9 & U10 Program Director, Ian Richards. This is a great opportunity to gain insight into the curriculum used with the Academy Select program whilst improving your child's soccer ability.

The curriculum has been developed with a heavy focus on fast-paced, individual skills such as dribbling, moves, and turns. Futsal is played using low rebound, soccer balls. These specialized balls ensure that each player spends maximum contact time on the ball, therefore improving their confidence and composure whilst in possession.

WHEN

Two 4 week training seasons

Each training session will be one hour in length on a Friday

Season 1: March 24, April 7, April 14, April 21 (Off March 31 for Spring break)
